

Peninsula Buffums Now Open

Buffums' Department Stores, Inc., have opened the newest in their chain of stores in Southern California. The new store is located on Silver Spur Road between Crenshaw and Hawthorne boulevards in the Peninsula Shopping Center.

The new \$3 million store is designed to reflect the Spanish theme that is evident throughout the area. A two-level department store, with garden center, patio, and mall, are included in the complex.

Edward Killingsworth was the architect for the development, and John Nicholson and Glenn Petri supervised the decorating.

The store, which will carry a complete line of clothing, is completely air conditioned. A separate men's store, varsity, boys and girls departments, and a beauty shop are among the departments in the store. Sports is the keynote.

Ample parking is available at the site.

Wig Maker, Minister on Picket Line

Who makes up the picket lines which have been marching in front of Don Wilson's Southwood Riviera sales offices on Evalyn Avenue?

A check of those arrested last weekend on various charges indicate that the pickets come from all corners of Los Angeles County, and from many different occupations.

The weekend list included a chemist, a civil engineer, a Los Angeles County welfare worker, and a hair blender for a wig maker.

Also arrested were three Los Angeles City College students, one from El Camino College, and one from UCLA. Included was an artist.

Others included an assembly line worker, foundry worker, truckdriver, construction company laborer, ministers, a sanding machine operator, and one man who said he was an unemployed social worker.

A Van Nuys telephone operator, arrested by police during the weekend, came prepared. She brought along a make-up kit, toothbrush, and toothpaste.

Many of those arrested have been asking police to notify President Kennedy in the event of illness. Others simply suggest that the Congress of Racial Equality be notified.

Lecture on Healing Set Saturday

The subject of Christian Science healing will be explored in a free public lecture in Palos Verdes Estates, Saturday.

Reilly gave up a musical career as a concert pianist in 1940 to devote his full time to the practice of Christian Science healing. He became an authorized teacher of the religion in 1955, and has appeared as a moderator on a number of the church's television programs. He is currently on tour as a member of The Christian Science Board of Lectureship.

Lions to Hear About Telstar I

Pacific Telephone's Jim Kessinger will use an activated model of Telstar I to demonstrate space communications for members of the Torrance Lions Club next Tuesday.

Kessinger, using a half-sized scale model, will illustrate how Telstar has been able to transmit television and communica-

tions of all kinds from one side of the Atlantic to the other. He also will speak of microwaves and their use in communication.
